Madam

What do I say?
Haa—
Haa—
What do I say?
I can't tell her the truth.
I have to make something up
Your husband ...
Attacked us first
We came here only because ...
He called us to do a job for him
Will she believe me?
They killed their employees one after another to get insurance money
IF that's true
.....
So could you put that bat down please?
I won't do anything
How will she react?

What are you after?
Leave here at once!!
I don't believe you...
All of a sudden
You attacked us, didn't you?
If you want money, I'll pay
Please
Don't cause any harm to my wife

I expected that you guys
Would be coming
So I took some precautions
Just in case
Please, I'll give you Money
Don't kill My Wife
She has nothing to do with this
My husband wouldn't do anything like that!!
Don't lie to me
Leave at once!!

What are you saying Yukitaka did?
Go ahead and tell me!!
What do I do?

What do I do?
I can't kill her
Not only that
What do I do?
I can't even hit her at all
Why did you expect that...
We'd show up?

At the hospital
The insurance agent Suzuki died, didn't he?
Get out!!
He's one of us
What do I do?

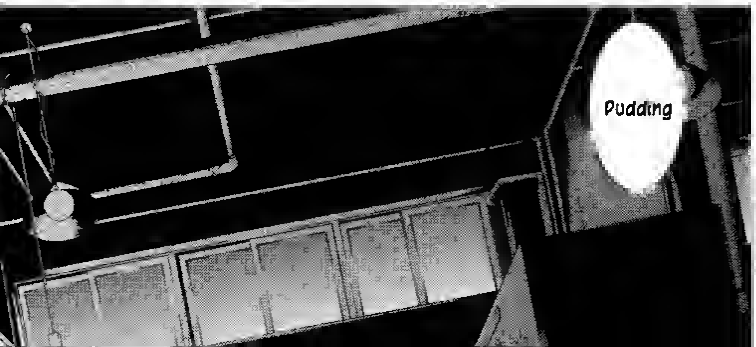
Chapter 50
The Gray Zone <III>



.....
Who are you people ...!?
Suzuki was one of you...
Was it you who killed Suzuki?
What are you after!?
Revenge? Money?
If it's money, I'll give you all I have
So please, don't cause any more harm to my wife

What were you doing with Suzuki?
He helped us out ...
With some insurance fraud
Is that why you're here!?
Are you relatives of our employees that died in accidents?
Or did someone hire you?
It's true that we schemed to get insurance money
But the deaths were accidental
When Father died, all he left behind were debts
The factory was on the verge of bankruptcy
And an employee died in an accident on top of that
The insurance agent Suzuki
Sympathized with us
And lent us a hand
Because we have to raise a small child too

A child?
My big sister's
She couldn't care for the child, so we're doing it
The two of us want to provide an upbringing
That's why
Please don't kill
I'll give you money
The money is in the house on the second floor
Under the bed in the bedroom
ヴーン
ヴーン

Where's that child now?
At grand-mother's house
Today
Grand-mother is looking after the child
ヴゥーン
ヴゥーン
ヴゥーン
Put the gun down
And turn around
Slowly

Put both of your hands up
Get on your knees
Just like that
ヴゥーン

Is everything okay?

Not a bad job for you
.....

How long will the anesthesia last?
That amount should last for 1-2 hours
Let's blindfold them and tie them up while we have the chance
Tsk...

I got stabbed with a piece of glass
Me too
Got cut with a knife

What a crappy night

Let's search the house for now
I might as well check if what the husband was blabbing about is true or not

Who's at the grand-mother's house for today
Sup-posedly, they have a child
A child?
Maybe he said that only to get some sympathy
But then there's also what Itsuki said

Kuzumi
That thing you mentioned in the car, what did you want to investigate?
If I tell you, you'll only get disturbed
I'll tell you when I have definitive proof
?
Sorry
They didn't have custard pudding without fresh cream
... Ehhh ...
You can take the cream off and eat it
Ehh... That's such a waste...
...Then I'll eat the cream
... Okay

.....
.....
Eh?
Are you worried too?
Some-how...
It's no use
Some-how
I'll
Go check on Shiki and Kuzumi
Right now

I'm sorry for being late...
I was so worried, so worried
That you came back
!

Where's Ei-kun?
He didn't come
Kuu
On the phone... He said that he was worried about your job and would go and check things out
That was all

Uoooh

Then we searched the house
And locked them up separately
We rendered the targets unconscious

He was totally guilty

There were more guns and knives at the factory

That, and also look at this
That's amaz-ing...
Just as the husband said
There was money under the bed
Probably 20-30 Million
It looks like what he said about the child was true as well
Yeah
Apparently, they're raising the big sister's kid
Who was at the grand-mother's house today
The child that I saw!!
There is one!!

I'm glad that was the case
It would've been a terrifying experience...
The husband's two cell phones ...
What about the wife?
Err...
One... I think
Shiki
There was life insurance paperwork
Look at the name of the agent in charge

Agent
Suzuki Eiji
SJ Life Insurance Nerima Branch
TEL 03-0000-****
They're connected
It was the same with the Shoueikai
The guy who collects information about the targets
Must be buying it from a narrow range of sources ...

Given that their accomplice Suzuki was killed by someone ...
It's only natural they'd be vigilant
So then
Suzuki wasn't innocent?
Looks that way
At the time he jumped on us
He was probably counter-attacking obstinately because he knew he'd done something himself
It seems he didn't kill his wife and child but...
He took part in the insurance fraud scheme of this couple
...Ugh

She's awake
You should leave
I'll interrogate her alone
Eh...
Go outside
Eh
But...
Watch over the husband

The checkout is at 12 ...
I'd like to get a room right now

Utako
What are you planning to do?
I don't get you at all
.....
Didn't you come along because you want to do it?
Tell me
Why did I have to get beaten up by those guys?
Besides, where did you get those injuries?
And why are we in a hotel now all of a sudden?

You treated me like an idiot
Huh...
What the hell
Huh ...
Worth-less...
What?

Shiki
Come here for a moment
Yeah
Can you stop the noise from this machine?
Hey
I don't know what and where to push
Should we switch off the breaker?
We'll have a problem if someone from the neighborhood comes complaining
Yeah...
Go find it and switch it off
I'll question the husband
What about the wife?
Even though I threatened to kill her husband
She kept insisting she doesn't know anything
I see...

In these circum-stances... There's no way the wife doesn't know anything
I think both of them should be killed... Unfortunately
Yeah
Find the breaker and switch it off
...
Then watch over the wife after that

ゴゥ…

It's under the bed …
Your wife is an accomplice, isn't she?

You see, this photo
It's like a medal to me
Do you understand?
Will you stop displaying it when I graduate?
Huuuh?
Are you planning to live with me even after you get a job?
Didn't you say in the past that you'd support me even when I grow up ...?
I'm kidding
When you grow up
Both of us will live free

You should die with her as well

What you did with Suzuki, was it only murder to get insurance money?
PHEW——!
PHEW——!

There are other cases where you killed people and got paid for it, aren't there?
Together with that shithead Suzuki?
I heard that already
I'm asking about something else
My wife
Didn't do anything
Shit!
To think that
He'd be killed by someone like you ...
Suzuki was
A good guy...
Like I care...
I wish you'd get killed too...
Do you know who we are?
Misuzu ...!!

What's up?
Shiki?

Let's not kill the wife
Kuzumi

Then let it be so
I do
Do you understand the risk?
.....
Kuzumi?
Eh!
I want to keep *that time* as far away as possible ...
But I've been ready from the start
I gave you my real name from the beginning

You're the best partner for me
This'll end without any guilty feelings

We killed the husband

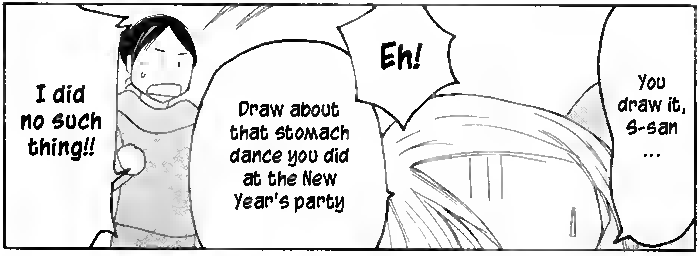
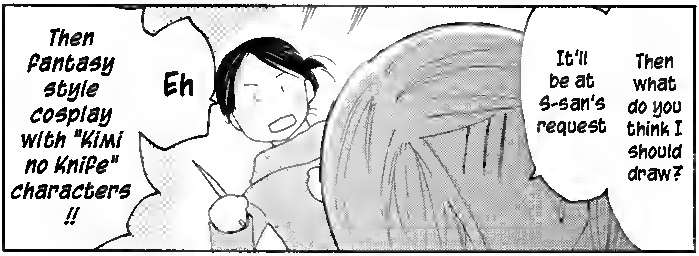
Hello, I'm Kotegawa Yua!!
Thank you very much for picking up
Volume 7 of the fantasy hitman story "Kimi no Knife"!!
Thanks to all of you, as well as to comics, it's volume 7 already ...
What are you doing?
You have to stand up when you're greeting everyone
Start with editor-san...
Ah!
Editor-san!? Even you, editor-san
But... But Itou-chan has
struggle
And you too, Kotegawa-san
It's the afterword!! You have to draw the afterword
Get a grip on yourself



You draw it, S-san ...
Eh!
Draw about that stomach dance you did at the New Year's party
I did no such thing!!

Or how you dressed up like a (beep) at the year end party ...
I wore no such thing
You should've then
You've become popular with some people lately, assistant S-san
Just get a grip already!!

Even though I wrote the sad story myself, I'm sad...
It's a double-edged sword!
same here
Uuuh
"Think something up yourself"
What a nuisance to others ...!!
Come on, just draw a cheerful afterword



Then what do you think I should draw?
It'll be at S-san's request
Eh
Then fantasy style cosplay with "Kimi no Knife" characters !!

君のにゃいぱ学園

Please look forward to Volume 8
Really sorry
Sorry about that
I can't do something like Fantasy style cosplay
Even though she claimed she'd forgotten about Nyaiꝑe
And why are they wearing school uniforms?
